	Department of Corrections **ADMINISTRATIVE BULLETIN** **Subject:** IMPLEMENTATION OF SENATE BILL 1913	**Number:** 90/5
		Date Issued: December 29, 1989
		Cancelled Effective: March 28, 1990

This bulletin implements Senate Bill 1913 Chapter 1579 which adds Section 199.222 to the Health and Safety Code and Title 8 commencing with Section 7500, to Part 3 of the Penal Code effective October 1, 1988

Briefly this act initiates the following:

1. Mandates correctional employees to report all incidents of possible HIV exposure to the Chief Medical Officer.

2. Gives correctional employees the opportunity to report any incident of possible HIV exposure among inmates or staff which he/she has observe or been informed of.

3. Enables inmates to report incidents of possible HlV exposure to the Chief Medical Officer.

4. Directs the Chief Medical Officer to render a decision on the need to test the specified inmates for HIV infection.

5. Empowers the Chief Medical Officer to render a decision on the need to test the specified inmates for HIV infection.

6. Provides correctional employees and inmates involved in reported incidents of HIV exposure with the right to appeal the decision of the Chief Medical Officer to a three-member panel whose decision is appealable to superior court.

7. Mandates that parole agents be informed of a parolee's HIV status immediately upon parole from an institution. A medical representative of the paroling insitution is responsible for that noticification.

8. Imposes certain requirements on parole agents in regard to the supervision of HIV-infected parolees.
